## Sisters of the Good Shepherd

### Our Mission

The Sisters of the Good Shepherd is a Catholic international congregation of religious women dedicated to promoting the welfare of women and girls.

Over the years, the Good Shepherd Sisters have been trying new forms and methods in the ministry, in response to new needs. We are involved in residential care, service to refugees and migrant workers, pastoral contact with prisoners, counseling, education, human and religious development programs and pastoral work in parishes. Our work has always been directed to girls and women, the marginalized and disadvantaged, abused women and children, pregnant teens, single parents, youth at risk, street children and prostitutes.

Today, sisters and lay collaborators in more than 60 countries work together to "make a difference" in the life of young girls and women we serve.

### Our Services

Since 1951, the Good Shepherd Sisters have opened several schools and residential centers in Hong Kong. Marycove Centre and Marycove School in 1968; Our Lady's Hostel in 1974 and Choi Wan Hostel in 1979.

### Marycove Center and School

Marycove Center offering residential treatment to 84 girls from 12 to 15, has her program designed to provide positive experiences to teenagers who have developed behavioral and emotional challenges that adversely affect their families and social functioning.

Marycove school is a specialized school that operates individualized educational classes for Primary 6 to Secondary 5 for 120 students, including 84 girls from Marycove Center and 21 day school students. The school also emphasizes happy learning with flexible but practical curriculum for students losing their interest in study.

### Our Lady's Hostel & Choi Wan Hostel

The two hostels are community based, offering residential services to teenage girls from 14 to 20, for independence, with emphases on teaching them life skill.

We are an approved charitable organization under S.88 of the Inland Revenue Ordinance.

Sister of the Good Shepherd is an NGO in special consultative status with ECOSOC, United Nations

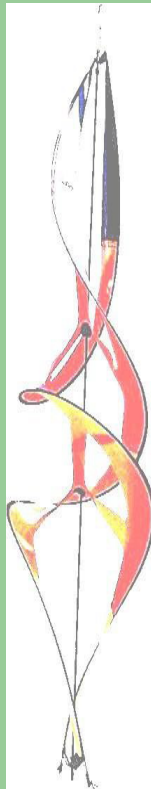

## Helix Project

In response to the rapid changes of the teens' needs, we are launching a brand new counseling project that aims at strengthening and empowering the teens to cope with their own challenges: "to make a difference" in teens' lives.

"Helix" (the figure on the right) brings out the concept of our project: we **accompany** the teenagers from the very beginning, starting **where they are**, and then going through the full process together, with **continuous intervention**, to obtain improvement in, or management of, their problematic behaviors.

A local assessment tool and training package will be developed in the project. We look for all staff involved sharing the same mind and same direction with the teens to create an " **all-staff; all-youth in one** " environment. For details of the project, please visit our website or call 25540167.

**We appeal for your support !**
